Testimonial

Forward Thinking

'Idil has an amazing mind for strategic growth. Her strong scientific background in connection with her thirst of learning enables her to spot innovations where people closer to business problems can't see. If you need a forward thinker, Idil would be asset to your team.'

~ Senior Director, Business Re-
imagination for Strategic Growth

Passion for Innovation

'Idil has an extraordinary passion for innovation, business transformation and true problem solving, I specifically want to recognize her outstanding engagement for DE&I and in her leadership [driving Ignite employee resource group.]'

~ Executive Leader, Head of Global
Manufacturing and Supply Chain

Human Centric Style

'Idil consistently demonstrated a keen ability to manage complex projects and ensure their successful implementation leveraging her structured problem-solving and innovation mindset combined with her human-centric style.'

~ Vice President, Global Program Leader,
Ultra-Rare Disease
